

To whom it may concern: In regards to the National Association of Broadcasters attempt to limit XM's ability to provide me and other like-minded people with "locally oriented" content, I respectfully urge you to reject their (NAB's) petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve. I pay for these services and the National Association of Broadcasters should not be able to dictate what I am permitted to hear. Satellite radio provides variety and quality that is unparalleled anywhere else.
